RG104 E-1 Box 126 Feb-June 1882

Gas Office, No. 20 Sth 7th St.

Phila, Apl. 21st 1882.

A. Loudon Snowden, Esq:

Director, U. S. Mint, Phila.

Dear Sir: By direction of our Cashier, Mr. S. M. White, I made up bill for Gas consumed at the United States Mint from Dec. 31st 1880 to March 31st 1881, as follows:

The meter had "ceased to record," and was changed for that reason on March 30th. During one day and night, (March 30th and 31st,) the new meter showed a consumption of 6500 feet. In making up the bill for the quarter, including the time the old meter had ceased to record, I averaged for 45 days, (throwing out Sundays, holidays, and allow= ance for early closing on Saturdays) 6500 feet a day, alto= gether 292500 feet. From this deducting the 6500 feet shown as consumed by the meter already, I charged the balance of 286000, exhibited on the bill, a copy of which is appended.

Very Respectfully Yours,

Martin W. Culp.

Sworn and subscribed to before me this 21st day of

RG104 E-1 Box 126 Feb-June 1882

April, a. D. 1882.

John F. Pole,
Magistrate of Court, No. 10.
